

ZipCheck® Makes Paying Bills Easy

What is ZipCheck®?

ZipCheck® is a free, electronic debit system that makes paying your bill easier. ZipCheck® automatically deducts the exact amount of your bill from your bank account.

How does ZipCheck® work?

ZipCheck® notifies you 20 days before the money will be withdrawn from your checking or savings account so you know in advance how much will be deducted from your account. This gives you time to discuss any concerns with Aqua. On the payment date, the exact amount of the bill is withdrawn from your account.

If you change banks while enrolled in ZipCheck®, you will need to resubmit your ZipCheck® application. If your bank account number changes — but your bank remains the same — simply call us with your new account number.

Is there a cost to pay my bills with ZipCheck®?

ZipCheck® is free. No sign-up fees or transaction charges exist.

How do I sign up for ZipCheck®?

It's easy. Complete the authorization form on the reverse side and return it along with a voided blank check or deposit slip. It takes two billing cycles for ZipCheck® to be activated. Please pay your bill as normal until you receive a bill indicating the payment will be withdrawn automatically.

How can I go paperless?

After your first ZipCheck® deduction, you can enroll in Aqua Online to view your bill. You do not need to enroll in Aqua Online's Auto Pay feature if you are enrolled in ZipCheck®.

Authorization Form

Account Name (Please print as shown on bill)

Billing Account Number

Service Address

City, State Zip

Telephone

I authorize my local water/wastewater company to instruct my bank/savings institution to make payments from the account listed below. I understand this authorization might be revoked by me at any time by providing the company with a written notice to discontinue my automatic payments.

Financial Institution
