Aqua Pennsylvania LIHWAP Program

What is LIHWAP?

The Low Income Household Water Assistance Program (LIHWAP) is a NEW emergency water assistance program that was created by the federal government to help families that are experiencing hardship with their water bills.

LIHWAP will assist Pennsylvania families who are behind on their wastewater and drinking water bills to ensure their service remains active and can also be used to restore service that was previously

disconnected. LIHWAP is a grant paid directly to Aqua for the customer's account.

Who is eligible for LIHWAP?

Pennsylvania homeowners or renters may be eligible to receive LIHWAP funds if their household income does not exceed the 2021-2022 income guidelines. See below for a detailed breakdown of income qualifications.

Residents who participate or have family members who participate in certain other benefit programs, such as SNAP, SSI and TANF automatically meet the eligibility requirement.

How do customers apply for LIHWAP?

Qualifying Pennsylvania residents can visit the state's Compass website to apply for water assistance.
